Spatial-Temporal Scale		Temporal Scale (T):	Hourly	Daily	EHE/ECE days only	Monthly	Yearly	15-year study period
Spatial Scale (S):		Scale Code	000	001	002	030	102	902
Administrative boundaries	States	150			EHMI intensity		EHE frequency	Stacked vector layer
					ECMI intensity		ECE frequency	
	Counties	190			EHMI intensity		EHE frequency	Stacked vector layer
					ECMI intensity		ECE frequency	
Census boundaries	Tracts	201			EHMI intensity		EHE frequency	Stacked vector layer
					ECMI intensity		ECE frequency	
EHE/ECE vector boundaries	Spatial geometries	400			Surface area		Stacked vector layer	Stacked vector layer
Dissolved binary grid	EHE	401			EHE area		EHE frequency	EHE frequency
	ECE	402			ECE area		ECE frequency	ECE frequency
	EHCE	403			ECE/EHE areas		Combined frequency	Combined frequency
Interpolated grid surfaces	500x500 cells	526			EHMI intensity		Stacked intensity layer	Stacked intensity layer
Covering Continental US, processed for each single day (90 Million grid cells)	idp=2 nn=6				ECMI intensity		Stacked intensity layer	Stacked intensity layer
					AT_avg			
					TMP_avg			
Stations Data	Spatial points	900		ECF/EHF	ECF/EHF			
				EC/EH	EC/EH			
				AT_avg	ECMI/EHMI			
				TMP_avg				
				WND_avg				
	Curated Daily			DEW_avg				
	13 Million records			VPR_avg		AT_distribution		
	NOAA ISD 800 Million records		TMP	TMP_avg				
		909	WND	TMP_IDW				
			DEW	TMP_Gridmet
